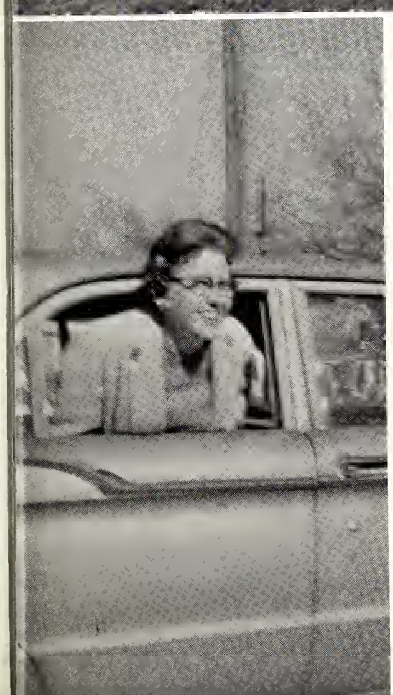
Dedication



During the past three years the student body of Itawamba Junior College has beheld in the personalities of Miss Emogene Ray and Mrs. James Weatherly a rich philosophy of life, a sincere interest in people, a warm friendly attitude, and an eagerness to be of service to all. Their untiring efforts, sympathetic understanding, invaluable advice, and genuine unselfishness have endeared them as teachers, advisors, and friends.

To express love and appreciation to them, the staff planned this surprise dedication.

To you, Miss Ray and Mrs. Weatherly, we, the annual staff, dedicate the 1963 "MIRROR."

Dean James A. Thrash

Itawamba Junior College is completing fifteen years of service to this area. Many changes have taken place and much progress has been made. This progress can be attributed to dedication and cooperation on the part of all concerned. The faculty, student body, Board of Trustees, and patrons are to be commended for their splendid cooperation down through the years. It is my hope that we shall continue to enjoy this cooperation.

The recordings in this 1963 MIRROR are evidences of many hours of hard work on the part of the staff. We are indebted to them for making it possible for us to relive fond memories.

My association with you this year has been highly rewarding. May you continue to exhibit the same, splendid cooperation and attitude throughout your life.

Sincerely yours,

James A. Thrash

The cooperation of students, patrons, faculty members, members of the Board of Trustees, and other interested people of the area has enabled Itawamba Junior College to continue its growth through the years. Continuation of this spirit of cooperation will help Itawamba Junior College to be of greater service to the people of Northeast Mississippi than it has in the past.

Congratulations to the members of the MIRROR staff for this excellent publication. The fond memories of the activities reflected by this yearbook will become more treasured with each passing year.

Sincerely yours,

Administration

Let our voi-ces loud-ly ring-ing, E-cho far and near;
In our hearts we praise thee tru-ly, And thy name re- call;
Years may dim our rec-o-lec-tion; Time it's change may bring;
Songs of praise dear It-a-wam-ba, To thy mem'ry dear.
Days of fair and storm-y wea-ther, Thou hast glad-dened all.
Still thy name in fond af-fec-tion, Ev-er-more we sing.
It-a-wam-ba, Al-ma ma-ter, al-ways fair and true;
Grate-ful-ly we now ac-know-ledge, all our vows to you.

Freshman Class Officers

In addition to registration and adjustment to college life, the frustrated freshmen were presented with the challenge of selecting class officers. "Elect Officers? How can we? I don't know one person from another! How absurd!"

Mrs. Earnest, the class sponsor, quieted the excited group and the election progressed.

Thereafter, meetings were conducted by the elected officers: president, Russell Maxey; vice-president, Jimmy Leeper; and secretary, Pat Davis.

These athletes have led the freshman class throughout the year.

"Green Freshman" is inappropriate for the 1963 class. Brains, much beauty, and brawn accompany these individuals.

At IJC there is more to life than just orientation, registration, and classes. These activities merely pave the way for students to participate in other phases of college life. Athletic events and Student Center "gab fests" are enjoyed by all.

Freshman Class Favorites

Every group has its favorites and almost every person has his favorite. Freshmen were given an opportunity to express their favoritism at one class meeting.

At the assembly, fellow classmates bestowed the title of "Favorite" on four popular freshmen: Pat Davis, David Stone, Jane Summerford, and Carolyn Wren.

Favorite Carolyn Wren is not pictured because she chose homemaking instead of a college career.

Traditional hair cutting is not the only form of initiation. Sophomore residents of Monroe Hall also enjoy initiating their freshman "sisters."

ORGANIZATIONS

Organizations play an important part at Itawamba Junior College. Through the participation in the clubs, organizations, societies, and religious groups, students gain much experience that cannot be acquired by meeting classes.

Not only does a student attain a wider scope of his chosen field of study, but also he finds entertainment to give him a balanced schedule.

Dixie Russell was presented the Math Award by Eddie Cooley, president of the Math Club.

Survey Slated In College Area To Determine Training Needs

35 Students Named On Presidents And Deans List At Itawamba Junior College

Three students made the President's List at Itawamba Junior College for the first semester, Dean James A. Thrash announced. Sophomores attaining the "All A" average were Betty Caldwell of Randolph and Glenda Roby Segars of Belmont.

Rebecca Sue Harrell of Tremont was the lone freshman and is the third member of her family to attain the high scholastic rating at IJC.

Making the Dean's List were David Larry Bowen of Tupelo, Charles Cantrell of Fulton,

the sophomore class.

Freshmen included Judy Allen Anthony of Fulton, Brenda Joyce Branyan of Tupelo, Janice Faye Cantrell of Tupelo, Thomas Wayne Clayton of Dorsey, Frankie Critz of Fulton, Angella Cruse of Pontotoc, Frances Ann Davidson of Nettleton, Dianne Lee Davis of Tupelo, Jimmie J. Gillespie of Pontotoc, Paul W. Hale, Jr., of Pontotoc, Rubye Del Harden of Fulton, Sandra Sue Hussey of Mooreville,

Jerry McCraw of Tupelo,

ucation in Lee County.

Other school officials who were re-elected were James A. Thrash as Dean; Ray Nanney as School Business Manager, Leroy Sheffield as farm man-

A survey is being undertaken in the Itawamba Junior College area to determine the status of technical training needs, it was pointed out in a special meeting held Wednesday afternoon here. (A similar survey will be conducted in each Junior College area of the state).

Back of the survey is the realization that Mississippi's Junior Colleges are ideally situated to give this type of training which will do much to push industrial development over the state.

"We want to cooperate with industry, because we feel this is important to our way of life and building a backlog of technical skills will increase the earning power of our people," stated President J. S. Crubaugh who hosted the area meeting.

The survey will be conducted in Itawamba, Lee, Monroe and Chickasaw Counties. Companies are being asked to complete a worksheet which will list the type of operations performed, number of employees currently doing this work, unfilled openings, and give a projection of the number of such employees they will need in a five year period. Academic training needed for the job will also be listed, as well as technical training.

In Appreciation

On this page in *The Mirror* we, the staff, wish to salute Mrs. Peggy Stone. For several years now her occupation has been English teacher and high school annual advisor. This year she has left this position to take on an even more demanding role—that of motherhood. The 1962-1963 staff feels that the same qualities which made her a generous, loving, and helpful sponsor will help her to excel as a mother.

Good luck and best wishes, Mrs. Stone!

THE CAMERA HAS BEEN FOCUSED ON ITAWAMBA JUNIOR COLLEGE AND AGRICULTURAL HIGH SCHOOL.

It is said that the world is a stage and the people merely actors upon it. As the camera of life is focused, in one small corner of that world is found another world—the private world of Itawamba Junior College and Agricultural High School. In September the bell rang for each student on that stage to begin acting out another part of his life, and the camera has captured one year of that role.

The camera of life will continue to focus though the curtain has closed on this year. The *Mirror's* camera has recorded the foregoing activities and events so that the school year '62-'63 will not dim or fade into shades of night.
